

# CASINO MINE RANCH

## 2023 RESERVE ROSÉ

A refined nod to the restrained rosés of Southern France, our 2023 Reserve Rosé blends Grenache Noir with a gentle touch of Vermentino (Rolle) for lift, texture, and precision. Harvested early to preserve freshness, the wine pours a pale coral hue and opens with aromatics of wild strawberries and grapefruit zest. On the palate, freshly squeezed blood orange leads, followed by subtle notes of kiwi and white tea. Lithe and nuanced, it's beautifully focused, marked by pronounced minerality, bracing, mouthwatering acidity, and a pristine, lingering finish. Ethereal in nature, this is a wine that delights from first sip to last.

## VINTAGE NOTES

The 2023 growing season allowed for early picking, capturing vibrant acidity and expressive aromatics while maintaining balance and finesse.

## WINEMAKING

Grenache and Vermentino were harvested early, whole-cluster pressed, and fermented separately in stainless steel. Post-fermentation, the Rolle was gently incorporated into the final blend, highlighting purity, energy, and elegance.

## FOOD PAIRING

Effortless on its own, and even better with aguachile—tuna or cucumber ribbons both shine here. A natural companion for long summer evenings, sunlit tables, or simply sharing a glass with your sweetheart.
